

AURORAS **LED**

ECO SAC T8 HD Fitting Series

Features

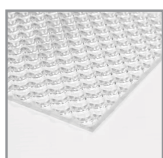

Designed for exposed T-bar ceiling grid. Diffuser designed in normal hinged for either side for easy maintenance. Provided even light transmission, combined with a very low luminosity at angle approaching the horizontal surface. This range was designed to minimize glare and maximize light output and visual comfort together with a good degree of protection.

Luminaire Product Description

Mounting	Recessed
Housing Material	Cold Roll Steel
Coating	Epoxy Polyester Powder
Light Source	SJLITE ECO Glass Tube HO
Input Voltage	240V~, 50Hz
Power Factor	>0.9
Ingress Protection	IP20
Insulation Classification	Class I

Optics

Diffuser Material	Polystyrene
Diffuser Type	Wide choice of diffuser type for selection

Acrylic (Prismatic)

Acrylic (Opal)

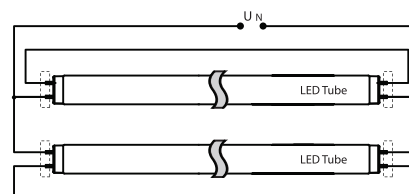

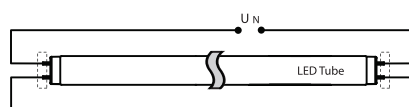

Acrylic (Clear)

Application

Suitable for locations where good horizontal illumination is important.
